Re: Approval of Marketing Legal Compliances-Authorization to Launch

Dear Perry.

I am impressed by the Compensation Plan and related documents of WIN which I reviewed today. The WIN program clearly complies with all U.S. marketing decisions, rules and regulations.

WIN's network marketing program is particularly impressive in its compliance with U.S. anti-pyramid regulations and court decisions.

My congratulations to you, and to the WIN staff, for a job well done.

Warm Regards,
